

Managing what Matters

Learn to accomplish what matters most

Winter is over..., we think! Join us for Newport's Spring Family Business Outlook briefing. This 'invitation-only' event is an opportunity to hear the real story from area business owners considering their best options on what can move you to your objectives.

Much has unfolded since our last event. Commitment and enthusiasm for this format has never been higher. Many of us now move forward to new challenges both in and outside of our family businesses. Let's be ready!

For a local perspective, I will be welcoming one of Canada's thought leaders in the area of community building and sustainable housing construction, Doug Tarry Jr. of the Tarry family business. Doug Tarry Homes will celebrate 65 years in business in 2019 and they work with many area suppliers to build local communities of tomorrow.

We look forward to seeing you on the 11th of April for this special event.
